

USP for Virtual International Internship and Placement assistance

Virtual International Internship:

- An opportunity to interact with international industry experts.
- Companies like Del Carnegie and Skillfiled for such internships.
- 3 weeks program well planned with live projects, virtual visit and international corporate experiential learning.
- Certified by the same company for the virtual internship.

Placement assistance (known Corporate Connect):

- Corporate connect provides great opportunities to our graduates to express themselves on national and international platform.
- Upon completion of masters degree and virtual internship, the candidate's resume is circulated on corporate connect platform with more than 178 multi-national and national companies.
- Various companies would shortlist the resume as per their preferences.
- Multiple interviews are lined up for the candidates and final placement would depend upon the company and candidate's decision.
